### LINDSAY'S LINES

Thanks to Wendy for stepping in at the last moment to write last week's President's Message, delivered in her usual efficient and eloquent style, and covering for me at last week's meeting while I was away at Fraser Island.

Any time spent on Fraser, the largest sand island in the world, is always great with its abundant variety of driving conditions, landscapes, lakes, vegetation, birds, animals and marine life. Some even go there to fish! However Fraser is more special to me as it is shared with friends who are members of our Rotary club. The wonderful fellowship reflects our club and the strength of Rotary itself.

Having two Rotary Youth Exchange (YEP) students, our Emilie from Denmark and Lisa from Austria who is hosted by Mitchelton RC, join us for the week certainly added to this trip. It was a reminder of when we took our last YEP student, Jonna from Sweden, to Fraser in 2006. Seeing the wonders Fraser and Australia itself offers through their eyes and shrieks of excitement seeing dingoes, turtles, whales, rainforests and even palms reminds us of what a magnificent and different region of the world we live in. Coming home to emails from Sasha, our outbound student currently in Switzerland, shows what an excellent program Rotary Youth Exchange is. Next year we have Sally Irving heading off to France and we will host another inbound for 2015/16.

With Emilie about to change host families, having spent her initial time at my place, I can personally recommend to anyone the benefits of being a host family so please see me or our Youth Director, Susan, to lodge interest in being a host next year.

### *The lighter side of life*

A young woman went to her doctor complaining of pain.

"Where are you hurting?" asked the doctor. "You have to help me, I hurt all over", said the woman.

"What do you mean, all over?" asked the doctor, "be a little more specific."

The woman touched her right knee with her index finger and yelled, "Ow, that hurts." Then she touched her left cheek and again yelled, "Ouch! That hurts, too." Then she touched her right earlobe, "Ow, even THAT hurts", she cried.

The doctor checked her thoughtfully for a moment and told her his diagnosis, "You have a broken finger."

Maheno at sunset – Are you coming to experience it on Anzac Day next year? See Russell for more details.

# EMILIE'S EXCERPT

*Emelie and Lisa enjoying Lake Mackenzie and 2<sup>nd</sup> Creek on Fraser Island and avoiding being eaten by dingoes*

## *Eddies Epilogue*

The latest form of affection – Ram raid kisses. This entails crawling across the room to build velocity and planting an open mouth kiss on the intended recipient.
