LINDSAY'S LINES

Bringing Ayan from Somaliland early this year for life changing surgery was a project our club was proud to be involved with. This was our first connection with the amazing Edna Adan Ismail and the hospital she has created. Since then we have been able to send to Edna a number of items of medical equipment. This Thursday's breakfast speaker will be Dr Rod Thelander, a Rotarian from Perth, talking about the great work the organisation Australian Doctors for Africa do and how they have worked closely with Edna and her hospital in Somaliland for many years. With some of our members heading to visit Edna's hospital next January, it will great to hear more about what they will expect to witness first hand.

In 2007, ROMAC brought Roselyn Higana from the Philippines for what transpired to be an extremely lengthy medical case. Roselyn returned in 2011 for some follow up procedures and is now out again this week for what our own senior surgeon, Dr John Arvier, describes as minor surgery. One thing I am proud of our club is that we have supported the accompaniment of patients like Roselyn (and Ayan from Somaliland) by local doctors so they can enhance the services available in their homeland. Hence I look forward to meeting again on Thursday morning the doctor who has accompanied Roselyn on her 3 visits, Dr Gaye Ardanas.

And in a week where our focus appears to be on all things medical, Friday the 24th is World Polio Day!! This is reminder of the extraordinary commitment Rotary International has embarked on to rid polio from our planet and is now so close (99%) to ending it once and for all. Share the message with everyone you come in contact with so we can End Polio Now!!!

Buddy Planning Meeting

We were well prepared for our Buddy planning coffee meeting thanks to Barbara's membership lists & nicely sharpened pencils

The lighter side of life

While trying to explain to our six-year-old daughter how much technology had changed, my husband pointed to our brand-new personal computer and told her that when he was in college, a computer with the same amount of power would have been the size of a house.

Wide-eyed, our daughter asked, "How big was the mouse?"

S'porting our teams

And one from the national Handball titles that was missed from last week (Oops Sorry)

Don't forget that G20 means we won't be having our usual meeting on 13 November.

Consider this one instead!

The Rotary Club of Brisbane Planetarium

Project Now - Nurturing our Women

project now
NURTURING OUR WOMEN

Project now is an initiative of the RC of Brisbane Planetarium to raise \$750,000 in 3 years (2010 - 2013) to build a residence for women recovering from addiction to undertake the Bridge Program run by the Salvation Army

After breakfast you'll have the opportunity to walk through the newly completed building. This has only been achieved through your support and generous donations to help us to raise \$750,000 in just 3 years.

Where: Salvation Army Recovery Services - Moonyah
68 Glen Rosa Rd Red Hill.

When: Thursday 13th November. **7 am for 7.15 start**

Cost: \$20

RSVP: No later than: Tues 11 Nov to Michelle Davis

0433 152 063 or michelle@justimagineworldwide.com.au

Local parking is limited so suggest you car pool

EMILIE'S EXCERPT

Emilie, Frank and John at last weeks meeting celebrating the Bledisloe Cup

This week Emilie also attended a pre Year 12 formal event at St Peter's College with Matthew. Matthew is an outbound student going to Denmark in January. It was a nice night and to be part of the Year 12 formal rituals in Australia.

Eddie's Epilogue

Elmos world tour was a real hit. Edison also saw his friend take her first steps and went to another friends 1st birthday party
