LINDSAY'S LINES

What a great way to start off the New Year this week with our annual visit to the Rotary Club of Brisbane Planetarium, as it provides the rare opportunity to visit our sister club with both our clubs meeting simultaneously for breakfast on Thursdays.

The speaker is well sought after, both within Rotary and his profession, being the senior Maxillofacial and Oral Surgeon and one of our club's members, Dr John Arvier OAM himself. This will be well worth attending, even if it is to share John's "breakfast photos" with Planetarium that our club has had to bear over the years!

John will be part of a group of 19 Rotarians, family and friends heading to Africa this week:- Noela and Bill Phillips; John and Louise Arvier; Angela, Rob and Xanthia Tillmanns; Kym McCluskey ; Nicole Bishop; Elizabeth Ling; Tom Davison and his friend Julia Chai; Caroline Lias (past member); Roger and Roslyn Newbury (friends of Bill & Noela Phillips); Pip McIneri (friend of John and Louise, she is a midwife and will be going on to visit Edna's hospital) and Bill and Bec Gillmore (again friends of John and Louise).

The purpose of the visit is to follow up on our Club Project providing new buildings to the Mamba Primary School and also visit the School of St Jude in Arusha, both in Tanzania, led by PP Bill Phillips. Then some of the group, led by Dr Arvier, will journey on to Ethiopia and in turn Somaliland where a visit will be made to the Edna Adan University Hospital to follow up on the Ayan surgical project led by our Rotary Club last year. We look forward to hearing the reports, and seeing the photos, on their return.

An email from Edna

Dear John,

I have just spoken with Ayan and she confirms that she will be coming to Hargeisa to see you all. She informed me that she is well and plans to bring her daughter with her.

She also confirmed to me that she has the 'Terabyte' and that she will bring it with her to return it to you.

By the way, I now leave on the 29th and not on the 28th!

Blessings,

Edna

RI President's Message

January 2015

At the beginning of this Rotary year, I asked Rotarians everywhere to *Light Up Rotary* by holding a Rotary Day. How you do this is something I'm leaving up to you: It can be a full day or just a few hours. It can be organized by your club, by your district, or even across your entire country. It can be a service project, a festival, or any kind of event you want. As long as it's open to the community, embraces the whole family of Rotary, and is fun, it's a Rotary Day. The goal of a Rotary Day is to shine a light on Rotary. For many years, we in Rotary felt that it wasn't appropriate to boast about our good work. We felt it was best to serve quietly and let our work speak for itself. But today, in many communities, people aren't even aware that they have a local Rotary club. Not because the clubs aren't strong, or because they aren't serving well. They are. But if Rotarians don't talk about their work, people will never know about it.

It is time for us to *Light Up Rotary* and let people know what we are doing. In the first half of this Rotary year, I've been thrilled to see how many Rotarians have taken up my Rotary Day challenge. I've attended Rotary Days in so many places, including the Philippines, Korea, China, the United States, Turkey, India, Taiwan, Sri Lanka, and Bangladesh. Every one has been different, and every one has met the challenge to *Light Up Rotary* in its own way. If you've organized a Rotary Day in your community, tell us about it: Email details and photos of your event to rotarian@rotary.org, with "Rotary Day" as your subject line. We'll do our best to feature as many Rotary Days as possible in the coming months.

And if you haven't planned a Rotary Day yet, why not? It's a great way to share your love for Rotary with your community. When we tell others about Rotary and let them know how membership can enrich their lives, we share a gift that was given to us when we were invited to join our clubs. By passing that gift on, we help ensure that Rotary, and its service, will endure for generations to come.

Eddie's Epilogue

I had a shocker the other week with two black eyes thanks to the coffee table then I fell over and split my chin. I was a right mess!
