

The President's Patter ...

On Sunday morning whilst on a cycle through Southbank we paused near the Maritime Museum. Brisbane certainly looks great from that angle – the river with the city skyline and the perfectly maintained grass in the foreground.

Just another Spring day in Brissie. It is all too easy to take it all for granted, and presume this is how all cities are.

It does not take too many news reports to bring us back to reality that in Brisbane we are fortunate that we have good weather and a safe clean and stable environment.

Similarly for our own Rotary Club – we are fortunate to have such a collection of great people who have a wide range of skills and interests. We recently heard from Tom Davison on how world climate change work and this week we will gain an insight into the work of Georgia Thornton.

Our speaker from Interplast last week was a timely reminder of how voluntary work with a similar training focus is done quietly by John Arvier.

Melbourne Cup day was a cluster meeting (thank you Rosemary for leading us) and a reminder that the strength of member skills in Rotary are spread across all clubs.

Our thoughts remain with Steve Furness as he strives to recover sufficiently to be able to return home.

Welcome Ben

High-Risers welcomed Ben Weaver to the club last week. Ben's classification is Town Planner – Consultant. He has relocated to Brisbane from his native UK, and I am sure is enjoying our beautiful spring weather.

Guess who's turning 3!!

Hard to believe, isn't it! Eddie turned three on Monday and is seen here enjoying his dinosaur birthday cupcakes. Happy Birthday Eddie!

Out and about

On Melbourne cup day, Lindsay, Noela and Bill, plus a couple of their friends assisted AEIOU with a Melbourne Cup fundraising at Cloudland. And look who they bumped into. Andrew seems to have more luck than the High-Rise punting club, as does Lindsay!

Do you have a current Blue Card?

Has your Blue Card lapsed?

Or you don't have one yet?

Please see Ros – she can help you with forms and authorise your application on behalf of the club

Rotary Club of Brisbane High-Rise ANZAC Day 2017 Project

Resting peacefully on the eastern beach of Fraser Island is the TSS Maheno – during WW1 the Maheno was a hospital ship, arriving at Anzac beach on the morning of 26 August 1915 ; there the crew retrieved the wounded Australian and New Zealand soldiers.

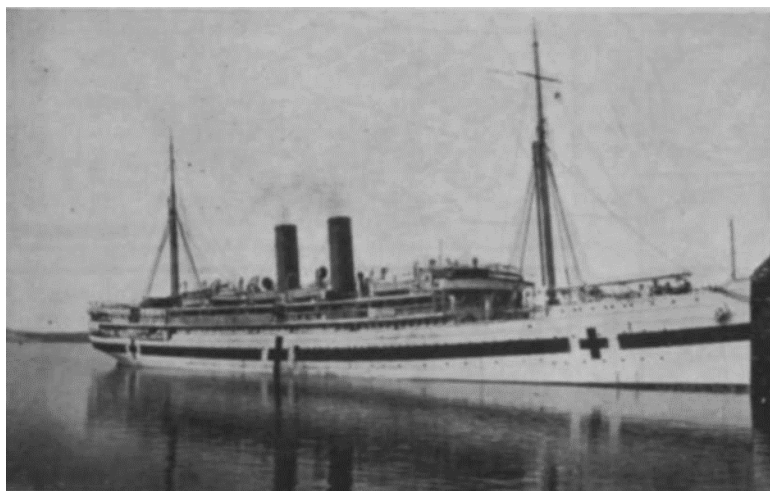

A winter cyclone in 1935 caused the towline to break resulting in the Maheno being beached on Fraser Island, sparing her from the shipbreakers' torches in Japan.

For more information see our website or visit the NZ Government's WW100 site:

ANZAC Day 2017 event is being held on Fraser Island from Saturday 22 April to Tuesday 25 April 2017.
