Last Week's Meeting

Last week Professor Eastman AO (aka Susan Rix's uncle) gave an enlightening talk on the importance of iodine in creating future generations of intelligent Australians.

Barb's Joke of the week

My wife and I were having a very hypothetical discussion... In the unlikely event that Hollywood made a movie based on our lives, we wondered what stars would play us.

"Who would you pick to portray you?" she asked me.

I thought about it for a minute, then answered, "George Clooney."

"In that case," she said, "I'll play myself."

Bill's Update

This week they have been crisscrossing the country by train.

They left London for Leeds, then the scenically famous Settle to Carlisle Railway through the Yorkshire Dales. They spent a couple of days in Carlisle then on to the Hadrian's Wall train which crosses the country following the route of the Wall. It is strange that you can travel the width of England by train in about 90 minutes! In Newcastle Upon Tyne (there are two Newcastle's, so you need to specify which one) they caught up family. From Newcastle it was a 4 hour trip to Oxford for a couple of days sightseeing. Back to London today (Friday) for the last weekend of their three month trip. They will be back in Brisbane mid next week, just in time for the Birthday breakfast.
