## Update from the Beckers

Hi Margot,

We hope you are all doing well having a nice spring time. We are all OK. Our grandson will be born soon and this is bringing is much happiness. Nathalia's recovery process is running well, with several doctors assistance and intensive physiotherapy. Her progress is visible. Her target is that by the beginning of 2019 she will be walking without crutches and in this recovering process the Baillie's are so important. They probably have no idea how important they are. Thanks again you Dears.

We received few days ago your Rotary club folders showing our visits. We already forwarded them to our club to be shown in our 60th birthday on August 19th, 2019. Thanks for your kind assistance sending us these folders.

Wishing you a very nice rest for this week, we remain.

There is much excitement as the building progresses at the Mamba school. It looks like it will be well underway by the January visit.
