MESSAGE FROM OUR PRESIDENT – Bill's Blurp

How did you spend ANZAC Day? It is noticeable the extent to which the celebration of this event grows each year. I think it now has far more significance in the eyes of many Australians than Australia day. That is the case with me. My ANZAC Day was spent with my Dad up in Killarney. That's my home town and is where my Dad returned to live about 8 years ago. He is a WW11 veteran; a bit too frail now to march but he is accommodated with a ride in an ex USA army jeep. He looks as proud as punch sitting there acknowledging the people along the street. The march is not as far as it once was; the old blokes are much like my Dad; the distance is a bit beyond them now.

I regularly attend ANZAC ceremonies in and around Killarney. My earliest memories as a young boy include ANZAC day celebrations. And they were celebrations back then; the returned Diggers were in the prime of their lives still and knew how to make the most of a gathering of mates. But I like it better now. There is much more respect and reverence than I remember way back then. Much more sense of community! In Killarney the whole town seems to turn out. There are obvious connections with the past. I noted a young lad, involved in one of the ceremonies, from the School with a surname common in the District. You looked at the cenotaph and the name featured there. The lad was related for sure to many who served and some who lost their lives. ANZAC Day has special meaning in the country towns of Australia. The sacrifice was real, tangible and personal. It will ever be so.

Well the Art Show is over for another 12 months. I think it was a great success this year as indicated by the art piece sales. They finalised at about \$130K which is well up on the best previous outcome. The project has bounced back in style; still short of the outstanding result of a couple of years ago but, hopefully, right up there with anything achieved prior to that time. Besides the manpower we provided during the setup, running and close - down of the Show we had serious input into key areas of the behind – the - scenes organisation of the Show. Barbara was Secretary of the organizing committee, she was supported strongly by Margot in coordinating our team of helpers, Angela had plenty to do through the CPL involvement and Steve Knight was generous with his time and through his business as major sponsor once again. Their efforts and contribution in particular are much appreciated.

A special thank you also to those members who stepped in with their time when we needed extra people with the receiving and subsequently the despatching of the art. In most cases these members were already committed to other time slots. This was additional work in support of the Show. It ensured that right through the Show we carried our share of the load.

What wonderful news from Colin Beckett re the birth of his daughter Amelia. She arrived on the 18th April. Both Colin and Hestie are naturally thrilled with her arrival safe and well. They deserve every happiness after the tragedy they endured a couple of years ago. Colin expects to visit with us on the 17th May so we can congratulate him personally then.

Amelia has actually taken a bit of pressure off me; it is a long standing tradition for a baby to arrive during each Rotary year in our Club. I certainly did not want to be the one to let the tradition slip. Admittedly it has come from an unlikely source and Colin is really a quasi-member. But he is on our membership list so the connection is close enough for me. Over to you Angela to uphold this fine tradition.

NOTICEBOARD + CALLS TO ACTION FOR HIGH-RISERS

TOWARDS A HEALTHIER AUSTRALIA MARCH 2012

Australian Rotary Health
D 9600

18th May, 2012
Hat Day
for Mental Health Research

Dear fellow Rotarian,

Australian Rotary Health is once again running its mental health research awareness day and I'm writing to you all individually to make you aware of Hat Day, and to ask you to join in, both in your club and in your workplace.

We want to make this a national day, involving everyone, and yes we do need funds. Like all groups, we have been hit by the GFC and need resources to keep up our research programs.

So get your workmates involved. If you're not working, get into the clubs and other groups you associate with. The wider we spread this message, the better the chances of making the lives of so many so much better.

Have a Hat Day at work. There are lots of themes you could take, but the aim is to collect money and have a good time doing it.

Thanks for all you have been doing for Rotary. It is very much appreciated.

Get your staff and workmates involved, and get Mental Health on the improve.

Keep well,

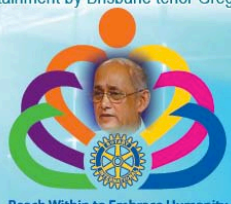

Last year was the first time we ran it, and it was a very, very successful day. However the main thrust came from Clubs and their members.

Ross

By the time the world is certified polio-free, Rotary's contributions to the global polio eradication effort will exceed \$1.2 billion. This contribution constitutes nearly 14% of all contributions to the global budget through 2010 and represents approximately 66% of private sector contributions to the initiative. As long as polio threatens even one child anywhere in the world, children everywhere remain at risk. The stakes are that high.

ROMAC UPDATE

Ayaan is a patient from Addis, Somaliland, a 22 year old girl, with a large defect in her right maxilla, from a bullet wound many years ago. She has been trying to find a solution for her problem during the past ten years and it seems that with the support of Rotary help is on its way. Although she is not an official Rotary/ROMAC case (being older than the cut-off age of 15) she has been referred through the Rotary network, and 2 local clubs, Brisbane High-rise and Mitchelton, have taken it on as project from their clubs. We wish her the best and we thank the TEAM OF: **Noela Philips (Project Co-ordinator), Ken Parker (Minutes) and Dr John Arvier**
