ANGELA'S ANGLE

Will this rain ever stop!!! The weather certainly didn't stop some very dedicated Rotarians and friends last Sunday morning – 32 people got involved in the Clean Up Australia event at the Story Bridge. They had a fun morning despite the wet conditions. Our very productive Clean Up Team led by Ken White and Ross Garling retrieved some amazing and horrifying stuff from the river banks – car tyres, syringes, hundreds of plastic bottles, a huge piece of polystyrene which looked like a mini iceberg. Rotary High Rise members were joined by a few members from Kangaroo Point club, the Kangaroo Point neighbourhood watch group and fortuitously a corporate group from Pernod.

Never to miss an opportunity (and let's face it anything is better than picking up rubbish) Wendy and Margo got to talking with people from Pernod and invited them to the Art Show cocktail party and encouraged them to take out sponsorship for the show, which Pernod are still considering. Well done.

The gourmet caterers – Jan and Gary – presented everyone with a wonderful BBQ spread and even more importantly decent coffee to lift the spirits of the volunteers. Street Level supplied the BBQ trailer, marquee and some catering equipment – Thank you to Bryce and his team.

As a bonus we only had one politician - Helen Abrahams dropped in for a brief visit – I want to know if she actually picked up any rubbish?

Thank you to Margot, Ken, Gary and Ross for a great fun day that has left our city much safer and cleaner. For those of you that may have missed the fun, put it in your diary for next year – first Sunday in March – Clean Up Australia.

DONT FORGET – ART SHOW SPONSORSHIP!!!! Opening night tickets on sale now rotaryartspectacular.com.au

Sharing your skills

The Rotary Foundation's new grant model provides various ways for Rotarians to use their skills to help others. Vocational training teams enable groups to travel to learn more about their profession or to teach local professionals, while the Project Enhancement Process pilot is providing expertise for projects in water and sanitation.
