

# HOT AIR

District 9600  
Serving the Heart of Brisbane  
21 March 2013

## ANGELA'S ANGLE

Thank you to both Jennifer and Bill for helping out last week while I was in Melbourne. Hopefully I will be around for the remainder of the meetings.

We had a Board meeting on Monday night and I am heartened by Wendy's planning and organisation for next year, change over is on Friday night 21 June 2012 only 10 meetings away (but who is counting!!!).

We still have a lot to do before the end of my term such as

- Art Show in April
- Red Shield Appeal in May
- 20<sup>th</sup> Birthday breakfast in May
- Ayan's surgery
- Visit by Dr Edna

Make sure you have your ticket for the opening night for the Art Show and also have your name on the roster (see Margo), it is a lot of fun and raises money for good causes – ROMAC, Cerebral Palsy League and our Club.

We also decided to apply for another Rotary District grant to support the Albert Park Flexi School's Food 4 Life program. This is an exciting program that educates and encourages the students to make wise food choices to maximise their health now and into the future. Thanks to Steve Settle and Jenifer Eathorne for finalising and lodging our submission. Keep your fingers crossed that we are successful. Applying for Rotary grants is a great way that we can do even more in our local and international communities.

Dear Rotary Club of Brisbane High-Rise,  
My name is Laurel Collins and I am the Community Relations Officer at the **Queensland Institute of Medical Research (QIMR)**. I am writing to you with information regarding our next free public forum: **"Deadly Diseases: QIMR Research Helping The World's Poorest"**  
This public forum will provide an update about QIMR's research to prevent and develop new treatments for Malaria, Dengue and Leishmaniasis. I am aware of the extensive amount of fundraising and work the Rotary Foundation does to contribute towards the prevention, treatment and elimination of Malaria. I thought some of your club's members may be interested in attending this free forum.  
**Forum Details: "Deadly Diseases: QIMR Research Helping The World's Poorest"**
